PUPIL FREE DAY – Staff Spirituality Day

“The deeds you do may be the only sermon some persons will hear today.”
St Francis of Assisi

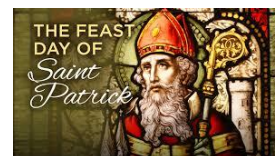

Dear Families,

On Sunday we celebrate the feast day of St. Patrick. St. Patrick led an incredible life. Whilst he is the patron saint of Ireland he was born in Roman Britain in the late 4th century. He was kidnapped at the age of 16 and taken to Ireland as a slave. He escaped but returned about 432 to convert the Irish to Christianity.

I share with you a beautiful St. Patrick’s Prayer

May the Strength of God pilot us.
May the Power of God preserve us.
May the Wisdom of God instruct us.
May the Hand of God protect us.
May the Way of God direct us.
May the Shield of God defend us.
May Christ be with us!
May Christ be before us!
May Christ be in us,
Christ be over all!

School TV

In this edition of SchoolTV - FRIENDSHIP & BELONGING

What skills do kids need to develop friendships?

Learning how to make new friends and keep them involves a number of skills every young person needs to understand and develop. For some these skills will come very naturally, allowing them to easily move between different friendship groups, sharing their experiences and opening up to new people. For others, this can be much harder to navigate. Belonging to a group that is like-minded with similar interests is highly beneficial to a young person's wellbeing. It gives them a sense of security helping them feel valued which in turn builds their confidence.

Positive friendships are an important part of the journey to adulthood. Adult carers can support their child or teenager by providing guidance in the many social and emotional skills required for a healthy relationship. This will help them to obtain, retain and maintain friendships. However, not all friendships are regarded as positive. Sometimes young people develop negative or toxic friendships. Therefore it is also important for them to learn how to identify, avoid or deal with such a friendship.

In this edition of SchoolTV, adult carers can learn how to support their young person's friendship so that they experience a sense of belonging.

We hope you take time to reflect on the information offered in this edition of SchoolTV and we always welcome your feedback. If you have any concerns about your child, please contact the school counsellor for further information or seek medical or professional help.

CARITAS Ks

On **Friday 22 March at 9:30am**, all students will walk the track in solidarity with people from around the world who every day need to cover many kilometres to fetch water, obtain food, get to school or market, or simply to survive. This will be a fundraiser and an awareness raising event for our community.

We invite our families to join us for prayer at **9:30 am** in the shed and to walk the track in solidarity with all those people in vulnerable communities around the world.

Our students have been learning about the work of Caritas and how the money we raise help people around the world

The Social Justice Leaders will continue the work they began at the Just Leadership Day last year classes why Caritas Ks is such a significant day for us at St Francis of the Fields. They have much to need for justice in our world and how the principles of Catholic Social Teaching guide us all in our lives to live justly. Well done to these student leaders who are making a difference at our school through their work and commitment.

The students have received their sponsorship forms with the school's QR Code to collect sponsors and share the code with them for their online donations. Please use the school's QR Code here [or this link to our school's fundraising page.](#)

LENTEN RETREAT

We have two more of our weekly Lenten Retreats for staff and families. Each Wednesday morning, you are invited to join us in the chapel at 8:00 am for a time of quiet, reflective time to stop and be still, to pray and meditate. Drop in for five or ten minutes or stay for as long as possible. We hope that this time will provide you with an opportunity for spiritual renewal during the season of Lent.

EARTHCARE

Tomorrow, Friday 15 March our Earthcare Team will be participating in a Ecological Spirituality Retreat with Kylie Smith, Education Officer CES Ltd. We invite any families that would like to join our Earthcare Team to contact me – Lisa Hitchcock by email lhitchcock@sfstrathfieldsaye.catholic.edu.au or phoning the school. We are looking forward to another year of great leadership to help us all care for all of creation by our passionate student leaders.

SANDHURST SWITCHES OFF –

On Friday 22 March, here at St Francis of the Fields we will once again be participating in the Diocesan Sandhurst Switches Off! We invite our families to join in at home by switching off the lights and reducing the use of electricity for an hour, part or for the whole

EARTH HOUR

Take time out for nature and join the world's biggest movement to protect our planet!

Earth Hour has grown to become much more than switching your lights off, but that iconic switch-off moment is still an important part of Earth Hour.

Millions of participants around the world will switch off their lights at 8:30pm local time on Saturday 23 March to demonstrate their support of the environment.

This year will be an Earth Hour like no other – individuals, schools, businesses and communities across Australia and around the world will come together and raise critical funds to support a healthy future for people and nature.

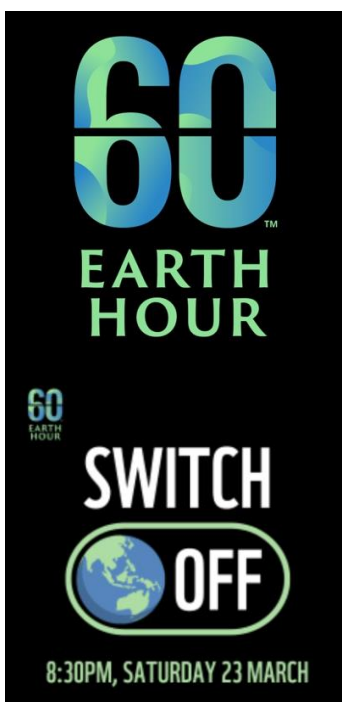

You have the power to create a brighter future for our planet.

No matter how you get involved this Earth Hour, your support will help WWF-Australia continue important conservation work to combat biodiversity loss and the impacts of climate change.

The funds you raise will power our shared mission to Regenerate Nature by 2030 and create a world where people live in harmony with nature.

We need YOU to help protect wildlife and the planet – we can't do this without you!

Science News...

What's been happening in Grade 2 Science?

Grade 2's have ventured their way through Materials. We've been bending, cutting and stretching materials to see which material has the best property for particular uses. Our experiment this fortnight was about the effects water can have on lollies! How far can you stretch a snake? Is a dry snake stretchier than a wet snake. Why does it stretch so far?

The Grade 2's want you to try these Science Challenges at home:

- Can you climb through a piece of paper without using tape?
- Can you fold a piece of paper (any size) more than 7 times?
- How far can you stretch a lolly snake before it breaks?

Lastly, if you love Science and a challenge, Sleeks Geeks Primary Competition is for you!

More information can be found here: <https://australian.museum/get-involved/eureka-prizes/sleek-geeks-science/>

Dear Families,

I am wanting to create a stockpile of materials that the children can use in Science this year and am kindly asking for donations of the following items.

Please only bring objects if you have them spare and handy around the home and would like to rehome them - there is no need to purchase anything! A handful of bits and pieces would be plenty. Objects might include:

- straws
- cotton wool
- feathers
- pipe cleaners
- paper plates
- plastic cups
- lengths of string
- scraps of paper, crepe paper, tissue paper, cellophane
- vinyl cut-offs
- pre-cut cardboard shapes (e.g., stars)

- wrapping paper
- pop sticks
- bubble wrap, packing peanuts,
- polystyrene bits
- paper towel
- cardboard rolls (just no toilet rolls please)
- sponges
- ribbon
- paper patty pans
- tinsel
- pom poms
- bottle tops
- beads
- small boxes (not from food sources)

Basically, anything crafty! You'd be surprised with what comes in handy!

Please send along any bits and pieces as you find them. I will have a tub near the Grade 1 rooms (near the Uniform shop) and also near the Foundation rooms (above the bag lockers). Older children can also drop their donations off at the science room (there will a box near the door).
